

[bfgcwdrivers@googlegroups.com](mailto:bfgcwdrivers@googlegroups.com)

From today, I intend sharing info through this email group

Please reply to the group email rather than to me directly or others. This will allow us to be a group and allow us to adopt a wider decision group for winching and BFGC.

Welcome and please engage with this process and in such ways we will become a much more cohesive team.

This is useful for covering each other's duties rather than worrying the whole club

As always I'm happy to discuss it especially if you have ideas on training, general operations, safety issues.

Please cc in the [`safety@bfgc`](mailto:safety@bfgc) mailbox if it's a safety issue or incident.
